

**FOPE GROUP: IN 2024 NET REVENUES OF €73.4M (+10.0%)
AND CASH POSITIVE NFP OF €3.3M (BREAK EVEN IN 2023)**

Vicenza, 16 January 2025

FOPE (FPE:IM), a leading Italian goldsmith company operating in the high-end jewellery sector listed on Euronext Growth Milan, announces that the fiscal year 2024 ends with **consolidated net revenues of Euro 73.4 million**, registering **growth of Euro 6.7 million** (equal to **+10.0%**) compared to Euro 66.8 million in 2023.

The **Net Financial Position** is *cash positive* by **Euro 3.3 million**, improving by Euro 3.3 million compared to 2023.

Diego Nardin, CEO of FOPE: *“We express a positive assessment of the 2024 sales result, which confirms the ability to grow in markets and establish the value of the brand and exclusive product. The U.S. market stood out for achieving excellent results as did the countries of Southeast Asia, Japan and South Korea, toward which we increased investments. The hedging policy on gold requirements neutralized fluctuations in gold prices, and the primary sales margin did not deviate from budget values. The optimization interventions carried out on production processes and the consolidated new operating conditions, ensured order fulfillment in line with the planned timeframe, also recovering the gap on the volumes of product fulfilled recorded at the end of June 2024. NFP was cash positive and improving compared to 2023 despite the investments made and the absorption of financial resources generated by the physiological growth in working capital resulting from business growth. We start 2025 with great positivity and expectations of further growth, the volumes of confirmed orders already in the portfolio are important, and tomorrow starts Vicenza Oro, the first important international trade fair event, during which we will present the new collections.”*
